

North Scotland Indoor Carriage Driving UK (ICD UK) Events.

The grace of Precision and Paces, the accuracy through the cones, the speed and thrills of the obstacles

The North Scotland Indoor Events are run under ICD UK. SCDA members are able to compete due to being BC Affiliated Club members. Based on horse driving trials, these are full events in a few hours in the comfort and convenience of an indoor arena.

Elinor Bosanquet, her sister Victoria and mother, Carole, continue to organise these events to encourage everyone to try their hand at competing. Spectators are always welcome, and this friendly sport is the ideal way into competitive driving.

Entry includes lunch and refreshments.
